E. Factual Summary

13. Plaintiffs would show that this lawsuit has become necessary as a result of an incident, which occurred on or about April 20, 2010. On said date, Karl Kleppinger, Jr. was employed by Defendants, TRANSOCEAN OFFSHORE DEEPWATER DRILLING, INC. and/or TRITON ASSET LEASING GMBH and/or TRANSOCEAN HOLDINGS, L.L.C. as a seaman and was assigned as a member of the crew on board the *DEEPWATER HORIZON*, a vessel within the meaning of 46 U.S.C. § 30104, *et. seq.* Karl Kleppinger, Jr.'s duties contributed to the mission of the *DEEPWATER HORIZON*, which is a semi-submersible drilling rig which was in navigation on April 20, 2010 at the time of the incident.

14. Halliburton was contracted to provide cement services to the rig *DEEPWATER HORIZON* by Transocean and/or BP. Upon information and belief Halliburton set or otherwise attempted to set a cement plug in violation of industry protocol and policies thus allowing gas to escape around the cement plug or plugs, ultimately resulting in a blowout, ignition and deadly explosion.

15. MI Swaco was contracted to provide drilling fluid services to the rig *DEEPWATER HORIZON*, owned by Transocean and leased to BP. M.I. Swaco in conjunction with Halliburton failed to maintain appropriate drilling fluid weight before and during the cement operation, thus allowing gas to escape ignite, ultimately resulting in a deadly explosion.

16. Triton Asset Leasing GMBH and/or Transocean Holdings, L.L.C. and/or Transocean Offshore Deepwater Drilling, Inc. were the owners and/or operators of the *DEEPWATER HORIZON* at the time of the subject incident.

17. On or about April 20, 2010, while working in the course and scope of his employment for Defendants, an explosion and fire occurred on the *DEEPWATER HORIZON*. Plaintiffs will show that Defendants were negligent and such negligence was a proximate and/or producing cause of the incident and the resulting damages.

18. As of the time of this filing, Karl Kepplinger, Jr. is still lost at sea and he is presumed dead.

This pleading will be amended upon discovery of additional information.

F. CAUSES OF ACTION

G. GROSS NEGLIGENCE

27. Plaintiffs further assert that the incident forming the basis of this suit was proximately caused by the willful acts and omissions and gross negligence in the performance of the duties of the Defendants. Defendants' conduct was grossly negligent in that it was carried out with a flagrant disregard for the rights of others and with actual awareness on the part of Defendants that their actions may result in serious bodily injury and/or death.

H. ESTOPPEL OF BP

28. Equitable estoppel is used to prevent a party from taking a legal position inconsistent with an earlier statement or action that places his adversary at a disadvantage. See *W. Keeton, D. Dobbs, R. Keeton & D. Owen, Prosser and Keeton on the Law of Torts* Sec. 105, at 733 (5th ed. 1984). The purpose of the doctrine of equitable estoppel is to ensure that no one will be permitted to "take advantage of his own wrong." *R.H. Stearns Co. v. United States*, 291 U.S. 54, 62, 54 S.Ct. 325, 328, 78 L.Ed. 647 (1934). The traditional elements of equitable estoppel are: (1) the party to be estopped must know the facts; (2) the party to be estopped must intend that his conduct will be acted upon or must so act that the party asserting the estoppel has the right to believe that it was so intended; (3) the party asserting the estoppel must be ignorant of the true facts; and (4) the party asserting the estoppel must rely on the other party's conduct to his injury. *Che-Li Shen v. INS*, 749 F.2d 1469, 1473 (10th Cir.1984). In the recent days just prior to the filing of Plaintiffs' Second Amended Petition, Defendant BP publicly acknowledged and accepted responsibility for this horrific event and should, therefore, be estopped from denying liability herein
